

ST GABRIELS PIMLICO – CONSENT FOR FILMING

St Gabriel’s regularly films its services for viewing either live or as a recording. Filming generally involves the Parish Priest, servers, readers and choristers rather than the congregation, but from time to time – for example during Communion – may also include members of the congregation. Such filming is never used for any purpose other than broadcasting the service. Full details of this may be found in the Photography and Filming section in St Gabriel’s Church Privacy Notice which may be found in church and on the website www.stgabrielspimlico.co.uk.

Please write your name and sign below if you are happy for this to happen within the terms set out in the Privacy Notice (see above). There is a separate column to indicate your similar consent for any accompanying children under sixteen. You need only sign this form once.

Name	Signature	Children under sixteen? (Tick)
